Complaint filed: March 29, 2016

Trial Date: Dec. 12, 2017

TO THE HONORABLE COURT AND ALL PARTIES OF RECORD:

MEMORANDUM OF POINTS AND AUTHORITIES

I. INTRODUCTION

Plaintiffs Cory Spencer (“Spencer”), Diana Milena Reed (“Reed”), and the Coastal Protection Rangers (“CPR”) (collectively, “Plaintiffs”), allege they have been refused the right to recreate at Lunada Bay as a result of actions by Sang Lee (“Lee” or “Defendant”). Specifically, Spencer alleges he was harmed during two visits to Lunada Bay- in January and February of 2016. (Docket No. 1; Plaintiffs’ Complaint ¶ 21). Reed alleges she was also harmed during visits she took to Lunada Bay on January 29, 2016; February 5, 2016; and February 13, 2016. (Docket No. 1; Plaintiffs’ Complaint ¶¶ 22, 23, 24). It is unclear how CPR, as an entity, has been refused the right to recreate at Lunada Bay.

In this motion, Plaintiffs contend they are entitled to sanctions because Lee is unable to produce certain text messages. If electronically stored information is lost, because a party failed to take reasonable steps to preserve it, the Court may order sanctions where a finding of prejudice is made. (Fed. R. Civ. P. 37(e)(1)). However, severe sanctions, like those requested in plaintiff’s motion, are reserved where a party acted with an intent to deprive. (Fed. R. Civ. P. 37(e)(2)). Lee did not act with intent because evidence suggests the text messages were not deleted by him, but rather were overwritten. Plaintiffs have not been prejudiced by this loss because none of the text messages occurred during the time period of plaintiffs’ alleged incidents and did not relate to this lawsuit. Further, information regarding content of these text messages could have been obtained from other co-Defendants in this case.

While Plaintiffs’ Motion addresses discovery issues relating to defendants Charlie Ferrara, Frank Ferrara, and Sang Lee, this opposition only relates to claims alleged by Plaintiffs against Defendant Lee.

a. Procedural History

On March 29, 2016, Plaintiffs filed a lawsuit against Lee. (Docket No. 1).

1 Defendant Lee was served with the Complaint on June 21, 2016, and filed his
2 answer on August 1, 2016. (Docket Nos. 82, 94).

3 On August 18, 2017, without even being requested by Plaintiffs to do so, Lee
4 submitted his phone to a forensic analyst for imaging in order to preserve evidence
5 on his cell phone. (Declaration of Tera A. Lutz ("Lutz Decl.") ¶ 2). This was
6 completed despite the fact plaintiffs never served Lee or his counsel with a
7 preservation demand letter. *Id.* On December 12, 2016, Defendant Lee produced a
8 redacted copy of an extraction report generated as a result of imaging Defendant
9 Lee's cell phone. (Lutz Decl. ¶ 3). The production included the name, date, and time
10 of text messages that occurred between Lee and his co-defendants. (Exhibit A).

11 On July 19, 2017, counsel for Plaintiffs and counsel for Lee appeared before
12 Magistrate Judge Oliver regarding the redacted extraction report. [Docket No. 273].
13 Ultimately, Lee was ordered to produce the extraction report in its entirety and
14 Defendant Lee complied. [Docket No. 290].

15 The extraction report includes an extensive amount of information obtained
16 from Sang Lee's cell phone, including but not limited to, text messages, images,
17 installed applications, location history, user dictionary, and web bookmarks. (Lutz
18 Decl. ¶ 4; Exhibit "B"). While the date, time, and receipt information for text
19 messages on Sang Lee's phone could be obtained, the body of a majority of Lee's
20 text messages could not be recovered. (Lutz Decl. ¶ 5). A majority of these
21 unrecoverable text messages were between Lee and individuals unrelated to this
22 suit. *Id.* For example, of the 924 text messages identified in the extraction report,
23 only 17 were sent or received from co-defendants in this matter and the other 846
24 text messages were sent or received from individuals not related to this suit, and
25 were unrecoverable. (Exhibit B). There was no specific time period where text
26 messages were recoverable and where text messages were unrecoverable.
27 (Declaration of Giselle Morales ("Morales Decl.") ¶ 19). Defendant Lee testified at

1 his deposition that he did not delete any text messages relating to this lawsuit. (Lee
2 Depo. p. 22:24-25; p. 23:1).

3 **b. Efforts to Obtain the Body of Unrecoverable Text Messages**

4 On September 5, 2017, Magistrate Judge Rozella A. Oliver ordered Lee to
5 seek out further methods of recovery to determine whether the body of text
6 messages between Lee and his co-defendants could be obtained. (Lutz Decl. ¶ 7). In
7 an effort to obtain the body of these unrecoverable text messages, a forensic analyst
8 completed a physical extraction of Sang Lee's cell phone. (Morales Decl. ¶ 12). A
9 physical extraction provides a bit-by-bit copy of the mobile device's data. (Morales
10 Decl. ¶ 7). This is the most comprehensive extraction allowing for the retrieval of
11 live data, and hidden or deleted files. *Id.* This is a time consuming method and
12 therefore costly and burdensome. *Id.* The body of additional text messages were not
13 recoverable. (Morales Decl. ¶ 12). In further efforts to recover these text messages,
14 the forensic analyst performed several additional tests of the data including a
15 Cellebrite analysis, IEF Axiom analysis, manual review of the SMS database, and
16 BlackLight. (Morales Decl. ¶ 13-16). While the body of several text messages were
17 found, none related to the text messages requested by plaintiff. (Morales Decl. ¶ 16).

18 **II. LEGAL STANDARD**

19 **a. Application of Federal Rule of Civil Procedure Rule 37(e)**

20 Rule 37(e) authorizes and specifies measures a court may employ if
21 information that should have been preserved is lost, but only if the lost information
22 should have been preserved in the anticipation or conduct of litigation and the party
23 failed to take reasonable steps to preserve it. Fed. R. Civ. P. 37 (e) 2015 advisory
24 committee's notes. No action is warranted when information is lost before a duty to
25 preserve arises. Fed. R. Civ. P. 37 (e) 2015 advisory committee's notes. The duty to
26 preserve attaches only when a party should have known the evidence may be
27 relevant to future litigation. (*In re Napster, Inc. Copyright Litig.*, 462 F. Supp. 2d

1 1060, 1069 (N.D. Cal. 2006)).

2 Nor is action warranted if reasonable steps were taken to preserve the
3 information. Fed. R. Civ. P. 37 (e) 2015 advisory committee's notes. Due to the
4 ever- increasing volume of electronically stored information and the multitude of
5 devices that generate such information, perfection in preserving all relevant
6 electronically stored information is often impossible. *Id.* Because the rule calls only
7 for reasonable steps to preserve, it is inapplicable when the loss of information
8 occurs despite the party's reasonable steps to preserve. *Id.*

9 The court must also be sensitive to a party's sophistication to litigation,
10 particularly involving individual litigants, like Defendant Lee, who are less familiar
11 with preservation obligations. *Id.*

12 **b. Evaluation of Measures Under Rule 37(e)**

13 If the court determines Rule 37 applies, the court may resort to Rule 37 (e)(1)
14 measures only upon a finding of prejudice to another party, as a result of the lost
15 information. Fed. R. Civ. P. 37 (e) 2015 advisory committee's notes. Once a finding
16 of prejudice is made, the court is authorized to employ measures "no greater than
17 necessary to cure the prejudice." Fed. R. Civ. P. 37(e)(1). The court's discretion
18 under a Rule 37(e)(1) sanction is broad, and can include minor sanctions, such as the
19 awarding of attorneys' fees. (*Apple Inc. v. Samsung Elecs. Co., Ltd.*, 888 F. Supp. 2d
20 976, 1135 (N.D. Cal. 2012)). However, the court's authority to order measures does
21 not require it to do so as the measures are not meant to cure every possible
22 prejudicial effect. Fed. R. Civ. P. 37 (e) 2015 advisory committee's notes.

23 Rule 37(e)(2) authorizes courts to use very severe measures to address or
24 deter failures to preserve electronically stored information. However, these
25 measures can only be used when there is a finding that the party acted with the
26 intent to deprive another from information. Fed. R. Civ. P. 37 (e) 2015 advisory
27 committee's notes.

Negligent or even grossly negligent behavior does not support an adverse-inference instruction. *Id.* Information lost through negligence may have been favorable to either party, including the party that lost it, and inferring that it was unfavorable to that party may tip the balance at trial in ways the lost information never would have. *Id.* Courts are advised to exercise caution in using the measures specified in subdivision (e)(2). *Id.* Finding an intent to deprive another of lost information does not require a court to adopt any of the measures listed in (e)(2). *Id.* The remedy should fit the wrong, and the severe measures in (e)(2) should not be used when the information lost was relatively unimportant or lesser measures would be sufficient to redress the loss. *Id.*

III. ARGUMENT

a. Federal Rule of Civil Procedure Rule 37(e) Does Not Apply

Federal Rule of Civil Procedure Rule 37(e) does not apply because Lee was not aware of this lawsuit until he was served and Lee took reasonable steps to preserve data on his cell phone, including having his cell phone imaged less than 30 days after answering plaintiffs' Complaint.

i. Duty to Preserve Did Not Arise Until Lee Was Served

Lee was not aware of this lawsuit until he was served on June 21, 2016. There is no evidence to suggest Lee was aware of any of the "press attention" plaintiffs' allege in their motion. Further, plaintiffs never served a preservation demand letter to either Lee or his counsel. (Lutz Decl. ¶ 2). At best, the duty to preserve could only apply to the following eight text messages, exchanged between Lee and his co-defendants, after Lee was served with this lawsuit: (Exhibit B)

<u>Date</u>	<u>Time</u>	<u>Name</u>
7/29/16	9:18 a.m.	Franky Ferrara
7/29/16	8:59 a.m.	Franky Ferrara
7/20/16	6:51 a.m.	Charlie Ferrara

1	7/20/16	6:23 a.m.	Charlie Ferrara
2	6/30/16	2:06 p.m.	Allen Johnson
3	6/30/16	2:05 p.m.	Allen Johnson
4	6/30/16	1:54 p.m.	Charlie Ferrara
5	6/30/16	1:38 p.m.	Allen Johnson

6 However, the duty only extends to evidence the defendant “knows or should
7 know is relevant to a claim.” (*Compass Bank v. Morris Cerullo World Evangelism*,
8 104 F. Supp. 3d 1040, 1051 (S.D. Cal. 2015). The text messages are irrelevant to
9 plaintiffs’ claim because they occurred nearly six months after the alleged incidents.
10 Lee testified in his deposition that he never received a text from anyone regarding
11 the lawsuit. (Lee Depo. p. 16: 16-22). Further, there is not a single text message
12 between Lee and his co-defendants during January and February 2016, the date of
13 the alleged incidents. (Exhibit B). In fact, there is only one text from Angelo Ferrara
14 on February 9, 2015, a year before the alleged incidents with Spencer and Reed,
15 occurred. (Exhibit B). No other texts were exchanged between Lee and his co-
16 defendants until March 25, 2016. (Exhibit B).

17 In order for Defendant Lee to have conspired in these incidents, as Plaintiffs
18 allege, he would have had to communicate with his co-Defendants prior to or
19 immediately after the January and February 2016 incidents, not months after the
20 alleged incidents occurred. There is no reason to believe any of the text messages
21 after January and February 2016 are relevant to this case. Plaintiffs make no claim
22 that they were harmed at Lunada Bay after February 2016. Therefore, any text
23 messages after that date are irrelevant to this lawsuit.

24 **ii. Lee Took Reasonable Steps to Preserve Text Messages**

25 A file system extraction of Sang Lee’s iPhone was completed on August 18,
26 2016. (Morales Decl. ¶ 8). In an effort to obtain the body of unrecoverable texts, a
27 physical extraction of Lee’s phone was also completed. (Morales Decl. ¶ 12).

1 However, the content of Lee's text messages could not be retrieved. (Morales Decl.
2 ¶ 17). In further effort to obtain the body of unrecoverable texts, several tests were
3 completed on the cell phone including a Cellebrite analysis, IEF Axiom analysis,
4 manual review of the SMS database, and a BlackLight analysis. (Morales Decl. ¶
5 13-16). Despite these efforts, and through no fault of Lee's, the content of these text
6 messages could not be obtained. *Id.*

7 There is no evidence to suggest any of the text messages between Lee and his
8 co-defendants were deleted. In fact, evidence would suggest they were not. Deleted
9 text messages were recoverable from the file system extraction of Sang Lee's cell
10 phone. (Morales Decl. ¶ 21). There were 120 text messages flagged as "deleted." *Id.*
11 None of the 120 deleted text messages were between Lee and his co-defendants.
12 (Exhibit B). The forensic analyst could not make a determination on what caused
13 846 text messages on Lee's phone to be unrecoverable, but it could include any of
14 the following factors: the type of iOS (operating system) of the device, the amount
15 of free storage that is remaining on the device, the amount of user activity on the
16 phone, and the length of time the text message was flagged for deletion. (Morales
17 Decl. ¶ 19).

18 Even if we assume the text messages between Lee and his co-defendants had
19 been deleted by Lee, the deletion itself would not have caused the body of the text
20 message to be unrecoverable. A text message becomes unrecoverable when it is
21 overwritten by new data. (Morales Decl. ¶ 20). A message flagged as deleted
22 remains on the device until it is overwritten. (Morales Decl. ¶ 20). The body of a
23 text message can be overwritten as a result of the type of iOS (operating system) of
24 the device, the amount of free storage that is remaining on the device, the amount of
25 user activity on the phone, and the length of time the text message was flagged for
26 deletion. (Morales Decl. ¶ 19). Therefore, even if Lee had deleted the text
27 messages, the text messages would still have been recoverable but for factors

1 outside of Lee's control.

2 **b. The Court Should Not Take Measures Under Rule 37 (e)(1) or**
3 **subdivision (e)(2)**

4 **i. Plaintiffs Are Not Prejudiced from the Loss of Information**

5 Even though plaintiffs had knowledge of the existence of text messages
6 between Lee and his co-defendants, they never asked Lee a single question about
7 their content during his nearly eight hour deposition. (Lutz Decl. ¶ 8). Clearly, the
8 substance of these text messages were not of great concern to plaintiffs and they will
9 not be prejudiced as a result. Further, there is no evidence to suggest any of the text
10 messages relate to this lawsuit. Not a single defendant or witness in this case has
11 testified they received or sent text messages to Sang Lee regarding the alleged
12 incidents. (Lutz Decl. ¶ 9). Defendant Lee testified he never received any text
13 messages relating to this lawsuit. (Lee Depo. p. 16: 16-22). And all of the text
14 messages occurred months after the alleged incidents. (Exhibit B).

15 In addition, plaintiffs were free to pursue other means of discovering the
16 content of these text messages, through the other co-Defendants. However, not a
17 single co-Defendant was questioned in their deposition about the text messages from
18 Sang Lee's Extraction Report. (Lutz Decl. ¶ 10). And plaintiffs never served
19 discovery to any of the other co-Defendants regarding the text messages identified
20 in Sang Lee's Extraction Report. *Id.*

21 Even if the Court determines there was a prejudice against plaintiffs, the
22 Court is not required to order sanctions that would cure every possible prejudicial
23 effect. While Defendant believes no sanctions should be awarded, in the event the
24 Court disagrees, lesser sanctions must be imposed. Sanctions pursuant to Rule
25 37(e)(2), such as dismissal of defendant's summary judgment motion or an adverse
26 inference jury instruction, cannot and should not be granted.

27 ///

1 **ii. Lee Did Not Act With Intent to Deprive**

2 Of the 854 unrecoverable text messages, 17 are between Lee and his co-
3 defendants. Text messages between Lee and his co-defendants are not the only text
4 messages that were determined to be unrecoverable. Hundreds of text messages
5 were unrecoverable from Lee's phone. There are many variables as to why the text
6 messages are unrecoverable including the type of iOS (operating system) of the
7 device, the amount of free storage that is remaining on the device, the amount of
8 user activity on the phone, and the length of time the text message was flagged for
9 deletion. Because such a large number of text messages were unable to be
10 recovered, there is no indication Lee intended to deprive plaintiffs of their right to
11 view the body of these particular text messages. The body of these text messages
12 simply are no longer in existence on the phone, along with hundreds of other text
13 messages with individuals unrelated to this suit.

14 Further, Defendant Lee stated under oath during his deposition that he did not
15 delete any text messages relating to this lawsuit. (Lee Depo. p. 22:24-25; p. 23:1).

16 The remedy should fit the wrong, and the severe measures in (e)(2) should not
17 be used against Defendant Lee. Lee is an individual and unfamiliar with the
18 sophistication to litigation and more notably, the sophistication of data preservation
19 of his cell phone. In an effort to take reasonable steps to preserve cell phone data,
20 less than 30 days after filing his answer, Lee had his cell phone imaged. He has
21 engaged in extensive and costly testing of his cell phone in order to obtain these text
22 messages, to no success. As plaintiff's counsel agrees, a typical user cannot control
23 when data is overwritten. Lee acted swiftly to preserve the data, but for reasons
24 outside of his control, the data was no longer present on his phone.

25 ///

26 ///

27 ///

1 **IV. CONCLUSION**

2 For the foregoing reasons, Defendant Lee respectfully requests this Court
3 deny plaintiffs' motion for sanctions.

DECLARATION OF TERA A. LUTZ

I, Tera A. Lutz, declare as follows:

1. I am an attorney duly admitted to practice in all of the courts of the State of California and I am an associate with Lewis Brisbois Bisgaard & Smith LLP, attorneys of record for Defendant SANG LEE herein. The facts set forth herein are of my own personal knowledge, and if sworn I could and would competently testify thereto.

2. On August 18, 2017, Lee's phone was retained by a forensic analyst for imaging in order to preserve evidence on his cell phone. This was completed despite the fact plaintiffs never served Lee or his counsel with a preservation demand letter.

3. On December 12, 2016, Defendant Lee produced a redacted copy of an extraction report generated as a result of imaging Defendant Lee's cell phone. Attached hereto as Exhibit "A" is a true and correct copy of select excerpts of the extraction report produced in Defendant Sang Lee's Responses to Plaintiff's Request for Production of Documents, Set One.

4. The extraction report includes an extensive amount of information obtained from Sang Lee's cell phone, including but not limited to, text messages, images, installed applications, location history, user dictionary, and web bookmarks. Attached hereto as Exhibit "B" is a true and correct copy of select excerpts of the extraction report, produced in its entirety, as ordered by Judge Oliver on July 19, 2017.

5. While the date, time, and receipt information for text messages on Sang Lee's phone could be obtained, the body of a majority of Lee's text messages could not be recovered. In fact, a majority of the unrecoverable text messages were between Lee and individuals unrelated to this suit.

6. Attached hereto as Exhibit "C" is a true and correct copy of select excerpts from Sang Lee's deposition taken on May 31, 2017.

1	With your attorney about because that's between you	09:13:35
2	and your attorney --	09:13:41
3	A. Yeah.	09:13:43
4	Q. -- but did you review any documents?	09:13:43
5	A. No.	09:13:45
6	Q. Okay. And when you say that you met with	09:13:46
7	your attorney yesterday, who did you meet with?	09:13:50
8	A. With Dan, Ed, and Terra, but she's not here.	09:13:53
9	Q. And have you ever spoken with any of the	09:14:00
10	other Defendants about this lawsuit?	09:14:04
11	A. No.	09:14:07
12	Q. And have you ever spoken to anyone who surfs	09:14:09
13	in Palos Verdes Estates about the lawsuit?	09:14:17
14	A. No.	09:14:20
15	Q. Let me broaden that out a little bit.	09:14:20
16	Have you ever communicated with any of the	09:14:23
17	Defendants about this lawsuit?	09:14:25
18	A. What do you mean like communicated. I never	09:14:27
19	talked about the lawsuit, yeah.	09:14:31
20	Q. Did you ever communicate in writing in an	09:14:33
21	E-Mail, in a letter, in a text?	09:14:39
22	A. No.	09:14:42
23	Q. Okay.	09:14:43
24	A. I mean, people come up and say how you doing.	09:14:46
25	And I say, uh-huh, but that's it, but I don't talk	09:14:50

1	BY MS. POOLEY:	09:20:23
2	Q. That's fine.	09:20:24
3	When did you retain your lawyer?	09:20:26
4	A. I don't even know. It was probably within a	09:20:28
5	month after I got served.	09:20:30
6	Q. So, and is that then, within a month of when	09:20:32
7	you got served, when you came to the understanding	09:20:34
8	that you had an obligation to preserve evidence	09:20:36
9	related to this matter?	09:20:38
10	A. What was it?	09:20:40
11	Q. Was it within a month of when you got served	09:20:42
12	that you first came to an understanding that you	09:20:44
13	needed to preserve evidence related to this matter?	09:20:46
14	A. I don't know if it was a month. It was just	09:20:48
15	after when I met with my lawyers they told me so.	09:20:50
16	Q. Again, I'm not interested in communications	09:20:52
17	between you and your lawyer.	09:20:54
18	A. But I don't know the time exactly, so, that's	09:20:56
19	why I'm telling you.	09:20:58
20	Q. Okay. After you became aware that you had an	09:21:00
21	obligation to preserve evidence related to this case,	09:21:02
22	did you take any steps to preserve evidence?	09:21:04
23	A. Did I take any steps?	09:21:06
24	Q. Yes. Did you do anything to make sure that	09:21:08
25	any evidence that you had wasn't lost or destroyed?	09:21:10

1 A. I just didn't erase it. It's all there, so. 09:21:44
2 Q. When you say it's all there, where do you 09:21:46
3 mean? 09:21:51
4 A. It's in my E-Mail and my phones. I never 09:21:53
5 tried to, you know. 09:21:55
6 Q. Okay. And so do you have the same phone that 09:21:57
7 you had when you first got served? 09:22:00
8 A. Yes. 09:22:03
9 Q. Did you ever do anything to download or image 09:22:06
10 the E-Mails that had on your phone related to this 09:22:24
11 case? 09:22:27
12 MR. CROWLEY: Objection, that it's vague and 09:22:28
13 ambiguous. You can answer to the extent that you 09:22:31
14 know. 09:22:31
15 THE WITNESS: Well, no, I don't believe so. 09:22:31
16 no. 09:22:33
17 BY MS. POOLEY: 09:22:33
18 Q. You did not? 09:22:34
19 A. Download any E-Mails? 09:22:34
20 Q. Did you do anything to download or image any 09:22:37
21 E-Mails or other information on your phone that might 09:22:44
22 be related to this case? 09:22:47
23 MR. CROWLEY: Are you asking did he 09:22:48
24 personally because that's the issue that I think is 09:22:50
25 vague and ambiguous about the question. 09:22:52
